

A seminar series where scientists share the troubles behind their CV

Tuesday November 20th, Y-55-L-06/08 Irchel, 11:00

Prof. Dr. Meera Sundaram

University of Pennsylvania.

Interested in talking to the speaker about career and/or science?
Book your seat at a lunch round-table discussion at:
growinscience@imls.uzh.ch

Prof. Sundaram will also give a scientific lecture at 14:30, Y35-F-32:

“Building and shaping tiny tubes”

A seminar series organized by Greta Ebnicher, Maria Landinez, Pascal Rauher and Silvan Spiri students of the MLS PhD program of UZH/ETHZ.
