The UZH North-South Cooperation – Experiences, Challenges and Outcomes

8th April 2016
12.00 – 13.00
UZH main building
KOL F 118

The North-South Cooperation Program of the University of Zurich promotes exchange of knowledge and intercultural learning with research institutions in Africa. Since its creation in 2008 it has supported more than 25 projects in research and teaching in various academic disciplines. Project participants present their personal experiences with North-South partnerships and discuss challenges and outcomes of their projects.
